## WHAT HAPPENS WHEN A SOUL DIES AND HOW TO IDENTIFY YAHWEH

If humans could find a way of proving that one is God then this is how they would do it after watching a video on Instagram of a lorry that suddenly stopped in front of a red car instantly another lorry arrived in full speed from the back and hit it hard from the back forcing the car to go inside the back of the lorry instantly Primrose the driver after everything has broken she woke up but as a ghost not realizing what had just happened and instantly she is telling herself to drive why wait as she still thought she was parked behind the lorry the sudden ray of pain that flashed after her made her realize that something was not right now if we are to check further we can see that she had turned into a ghost because the impact was so violent that the next stage of life is not acetate but instant ghost instantly she noticed that she had died and the panic sets in instantly a voice said to her

"Go to heaven"

Instantly she asked

" who are you"

The voice replied

"I am God"

Primrose's ghost sounded confused that she asked

"Who are you and what do you want and why are you saying that I should go to heaven?"

Instantly the voice replied

"I am God you died the impact was so violent that you instantly turned into a ghost only choice left now is that you go to heaven"

Primrose's ghost sounded confused asking;

"Who are you to tell me that I should go to heaven"

Instantly the voice replied

"I told you I am God Yahweh some call me"

Now scared Primrose's ghost asked

"How do I know that you are Yahweh God?"

But instantly Primrose put on a test for Yahweh to see if he is a true God

"Say G.O.D"

Then God said as asked slowly pronouncing the letters

"G. O. D"

Instantly something rise from my right shoulder into the air and spelt the G letter that was followed by something from my left shoulder that rose up too and spelt the letter O and thirdly something rose up from the naval and spelt the letter D and instantly the word GOD is spelt and instantly something inside me labeled as xtrxttrttersuvwxxyz stood up on its two feet and said;

"No this is David Gomadza he is not God but just a human but instantly something inside it looked at letters that instantly appeared in front of it and which are

xtrrtetretstuvwxxyzterstuvwxxytrestuvwxtrtstuvwssttuuvvwxxyzz

Now this new creature said;

"It's David Gomadza he was appointed by .Ya on [ did not read date] as .Ya's representative on earth as .ya.davidgomadza.ya and as such he is God but in human form to show .Ya's power on earth"

Instantly the first creature said;

"David as I am reading looking at a word

xtrestuvwxyrstuvwertstuvwssttuuvvwxxyterstuvwxterstt is a human and as such can't tell me where I should go"

I as Yahweh said;

"Do you know that in your state if you go to heaven as having died before your time Yahweh will use you for eletetetetetetety"

Instantly Primrose sounded frightened and said;

" if that's the case can I go to hell then?"

Then as Yahweh I said;

"You can if you think that it's better to be in hell alive but not moving or in heaven as Yahweh's eletetetetetetety"

Instantly a door opened up and heaven shown through instantly Primrose refused and said;

"Can I go to hell instead I would rather be alive and asleep than to be

used as Yahweh' juice for thinking"

Instantly heaven door closed but I said;

"If you want you can go to afterlife where you live forever?"

Instantly Primrose agreed and I said;

"Send her to afterlife."

She instantly departed.

Now here are the questions we must answer;

Can humans find a way of identifying God Yahweh

Can humans know Yahweh from imposters

Can Yahweh identify humans by name or just random

Can humans assign a value to Yahweh so that they can easily verify if Yahweh or not?

Now let's look at the first question

Can Yahweh be given a way to prove that he is Yahweh if so then what is it?

Yahweh according to the above script can easily identify himself by slowly saying G.O.D and then let whatever is inside him identify him

If this is true then I can say slowly G.O.D and see what happens.

Something wakes up on my shoulders both side it looks like a creature it has two eyes a sharp nose and is small as compared to an acetate but lights up on top of the head something circling the head lights up it has two wings and a small tail it has human like legs and has two hands all covered with eyes if I might ask what are they this is the answer

To see clearly even the hands must have eyes to identify each and every part so that a definite analysis can be made"

"And so if I may ask what is your analysis?"

"David Gomadza is God he is Yahweh's representative on earth as Yahweh himself has appointed him and as such he is Yahweh but not sure because as far as I can see David Gomadza is human but something is on his head if I see clearly it is a

hrtsuvwxyzterstuvwxyzterstvyxyz meaning a crown of Yahweh one only Yahweh must wear and further checking reveal that it is a true crown of Yahweh but if he is Yahweh then how can we have two Yahwehs?"

"David is Yahweh but in human form to show the power of Yahweh to all humans that one of them can be the might ruler of earth"

Now if we Ask what the creature is this is still not possible to get an answer so we can wait now let's Ask what the creature know about Yahweh this is the answer

" Yahweh is the greatest being that has ever lived and will continue to do so forever and ever and ever"

If we may ask what the creature know about Yahweh [ how to talk to it and ask questions] my acetate is not human but can communicate with me through the full body alphabetical order and this is similar to my body language alphabetic order positioning only that this repeats every letter 70 times throughout the body that means a is a up to a70, b is b up to b70, and z is z70 now let's Ask another question if we are to ask why this is so what is the answer this is the answer Yahweh is a being that others what to imitate and as much he must have a way of differentiating himself from others

Now if we Ask what this means this is the answer Yahweh is to ask everything from

who is Yahweh, who created Yahweh and why everyone is answerable to him so who created Yahweh?

Yahweh woke up Yahweh is the answer

What can Yahweh do this is the answer Yahweh can create and destroy

what can Yahweh do to humans as punishment this is the answer

Yahweh can stop the clock of life of humans and can end time for

humans can Yahweh end real human life and how this is the answer

Yahweh uses DNA sequence to end real human life such as

STUVWXYZTRSTUVW sent as binary

283748982678908938576582009826348 this is the result heart stopped altogether

If we Ask another question what can it be this is the answer can

Yahweh be human as well this us the answer normally know but this is the case right now what if of Yahweh this is the answer Yahweh as you can see can be both at the same time a God as well as a human

If we look at all the answers now then this is a new chapter where

Yahweh can be both human and a spirit now let's check if we have that answer this is the answer No one has ever seen Yahweh until now

Yahweh is a 8 headed being with four heads facing front and 4 heads facing backwards the four facing front represent God and the 4 facing backward representing the devil

But what if we are to ask what can happen when a person dies violently this is the answer when someone dies violently they don't go straight to heaven Now if we are to ask now again after witnessing fatal car crashes then the answer is sometimes in the first video the driver died and was ordered by Yahweh to go to heaven and he went straight away

without any questions as if ordered and dispatched now if trace him where he is he is in heaven but Yahweh's heaven where he just sleep but waiting for judgement if we are to ask what really is Yahweh's heaven here is the answer Yahweh's heaven is a resting place where a dead person sleeps quietly waiting for judgement but when is judgement if we might ask judgement is at the end of the world just like it is said on the books judgement will come when the earth fail to sustain itself likely according to Yahweh in 2084 as new electromagnetic waves enter the world Now what happens in Yahweh's heaven during the wait?

During the wait Yahweh group people according to how they died violent death- people rarely stay in heaven Yahweh don't judge these because they will have seen judgement on day of death so he tries to lessen the pain and store them where body temperature is slightly cooler than in other areas this makes the pain less if we are to ask this is the answer dead people feel pain until day of judgement so cool temperature easy the pain now what does Yahweh do with those who come early than their time these he sent them to the acetatetetetety area here temperature is way high so that in the end the acetate [ the form dead people go to heaven as] will melt as a result and once melted he will drain all their brain thoughts as eletetetetety which is a flowing liquid form that contains the syllables that is words and vocabulary used by the acetate this will be absorbed into Yahweh's system to form a new system of words and language which Yahweh will use to judge those who died at the same time now let's look at other cases when one dies before his body has classified him whether fit for heaven or hell this person is harshly treated by Yahweh because Yahweh ask everyone to decide while here on earth these people are stripped for parts the heart is removed and sent to the heart chamber where hearts are stored ready to be used on new people to come in the future the brain is removed and sent to the brain department ready to be used on new people the liver is removed ready to be sent to the liver department where the liver is used to clean up sins in the world as they are connected together and commands used to clean and purify the world these are the commands

- 2 ask.start.singo.hell.now
- 3 ask.start.singo.heaven.souls.start
- 4 ask.singo.altohell.start

20 whatcanbe.startofsin.start  
21 whatcouldbeofsin.start

Now if we recit all these at the end there is nothing even the switches go using switchhellgotohell.start.amen.start if we are to ask what could be of sin then only God can remove sin if something that was there remains then the person is not God that means humans can easily find out who is a real God or not but reciting the sin cursing sequence and see what happens at the end

Now if we look what was at the beginning before I started reciting the sequence this is what we heard

1 code 78683828987421853210 Scottish whirlwind dogeme  
2 code 7868385826483789827458690284 doggies  
3 code 7876748398264867890184983261098 doneness  
4 code 787677286482389872488872018556789230 dogemesz

Now let's look at each of these sample sin codes and ask where are you now this is interesting because all these codes before the reciting were common problem codes that have appeared 78654310865 times in less than two months since we discovered about what Yahweh does on earth that is 8 times on average every second and not just appear but cause all kinds of damage and now this is the end of its life shelved in hell with coordinates for deep hell and this is the same with all the above codes now all well shelved in hell but the most interesting thing is that all are accentuated that means all their legs and fins etc. which they use to walk are now cut this is why Now they are stuck in hell

otherwise they would be running rampage here on earth so if we are to ask how come they are accentuated? Yahweh is the only person who can do all this does this mean humans can use this to verify who is and who is not Yahweh?

If we Ask what can be of humans to identify Yahweh easily this is what we get

1 Yahweh is not human and hence how can Yahweh be identified

2 Yahweh is spirit

3 Yahweh travels around anything

4 Yahweh thinks fast a billion times faster than ordinary human

5 Yahweh absorb energy

6 Yahweh dissipates energy

7 Yahweh is holy

8 Yahweh drinks air

9 Yahweh consumes acetate

10 Yahweh asks why humans [ humans never answer to Yahweh but to the devil - [devil asks] because we are humans we are born to be evil and Yahweh once us to be good but how come when we are the devils- according to DNA]

11 Yahweh is holy and too good to be human

12 Yahweh is omnipotent

13 Yahweh is omniscience

14 Yahweh is omnipresence

15 Yahweh is what humans are not

16 Yahweh reckon humans are evil by birth

17 Yahweh is the ultimate road to happiness but is this true for everyone having in mind those who die early?

18 is Yahweh the end game or the end in itself

19 what can be of hell and heaven regarding Yahweh

20 Yahweh is Yahweh

21 What could be of Yahweh

Now let's Ask a lot of other questions can Yahweh send all people to hell if he finds that they have the devils DNA?

I feel hurt inside but I knew humans might be more evil because of the DNA they have but what can be of humans and Yahweh humans will always sin and give Yahweh grief but Yahweh in 2084 might create a new people if we are to ask what can be of Yahweh this is the future Yahweh can be part human and part himself to bridge the gap and be more present and tackle all mistrust head-on

## HOW SOULS COMMUNICATE WITH YAHWEH

The question to ask is how does Yahweh know that. Soul has died and that the soul needs his help like I have said in previous books everything regarding souls and heaven are predefined that means they follow some steps that lead them to Yahweh once that happens Yahweh automatically answers calls for help through these commands

1 whenyouhavediedaskforhelpfirst.start

This is a call to Yahweh who instantly answers

2 when youhavediedaskforhelp.ya this is a specific CA to Yahweh

3 whenyouhavedieddontlookforhumans.start if souls look for humans they can still stay on earth in other people's bodies

4 whendeadinghellforhelp.start this is a call to ask the devil for help

5 whendeadignorehumans.start if dead then humans are of no help

6 Whendeadruntohell.start where to go

7 Whendeadruntoheaven.start
